ALPENHORN HOLIDAY UNITS - HOW TO FIND US

Driving From Melbourne

After leaving the Hume Highway, approximately 10 kms past the dueling McDonald Restaurants at Glenrowan, travel along the Great Alpine Road (B500) until you reach Myrtleford. You will need to join the Kiewa Valley Highway by either

- 1) Turning off 5 kms past Myrtleford - Happy Valley turnoff OR
- 2) Turning off 5 kms past Bright - Tawonga Gap turnoff

Both routes take approximately the same amount of time to reach Alpenhorn. The Tawonga Gap route is very windy but does reward you with a fantastic view of the Upper Kiewa Valley and the Mount Beauty township (from Sullivan's Lookout). The lookouts are a great place for a break before making the last 10 mins of your trip down into the Valley. In both cases turn right when you reach the T intersection with the Kiewa Valley Highway and proceed to Tawonga South.

Alpenhorn is situated in Tawonga South. As you travel through Tawonga South you are in an 80 Km per hour zone for the first 1.5Kms then you pass into the 60 Km per hour zone. We are situated 150 metres past the 60 Km per hour sign on the left. Alpenhorn is a large, white, two storey, Chalet style building behind 7 large pine trees on the left as you drive towards Mt Beauty. Access to our car park is via Heberles Rd - take the 1st left after passing Alpenhorn. Alpenhorn is approximately 1.8kms north of the Mt Beauty Post Office.

Driving From Sydney:

If traveling from NSW we are situated 1 hour south east of Albury/Wodonga along the Kiewa Valley Highway. After passing through Albury head for Wodonga (rather than turning right on to the Hume Highway to Melbourne), take the Wodonga by-pass and then follow the signs to the Kiewa Valley Highway, Mt Beauty and Falls Creek. Once you arrive in Tawonga South follow the *italicized* directions in the box above.

View of Alpenhorn as seen from the Kiewa Valley Highway.
